To whom it may concern,

QSP Solutions were the Management Consultants used for the implementation of an Integrated Management System based on the ISO9001:2015 and ISO27001:2022 International Standards, within Seriös Group Ltd.

We were certified to ISO9001:2015 and ISO27001:2013 by ISOQAR in January 2022. QSP Solutions were the consultants we used in the Transition to ISO27001:2022 in 2025.

Seriös Group would have no hesitation in recommending OSP Solutions to any organisation that requires an effective Integrated Management System which is compliant to ISO9001:2015 and ISO27001:2022.

We continue to utilise the services of QSP Solutions to update our Integrated Management System and ensure its continued compliance to ISO9001:2015 and ISO27001:2022.

Sincerely,
Mr Paul Davison
Compliance Manager
Seriös Group Ltd
